

HOPE AND RESILIENCE 2009

CONFERENCE REPORT

To ensure the consolidation of the exchange of knowledge a conference report will be written based on the presentations and discussions during the seminar.

The group in charge of documentation is

- Cecilia P Pedersen, Research assistant, National Institute of Public Health, University of Southern Denmark, e-mail: cpe@niph.dk
- Anne Silvikien, Psychologist, Center for Sami Health Research, University of Tromsø, Norway
- Christina VL Larsen, PhD-student, Greenland Institute of Health Research/ National Institute of Public Health, University of Southern Denmark, e-mail: cll@niph.dk

Objective of report

To document the background of the seminar as well as the conclusions and recommendations regarding suicide prevention presented at the seminar.

Conclusions and recommendations are to be presented in Copenhagen on November 10-11 at the meeting of the Sustainable Development Working Group of the Arctic Council.

The documentation group will be in charge of documenting the seminar in cooperation with the steering committee of the seminar.

Report frame

The conference report will be structured in the following sections corresponding with the program for the seminar:

Executive summary

Recommendations

SECTION I: Introduction

SECTION II: Understanding the problem

SECTION III: Learning about what works (workshop 1+3)

SECTION IV: Learning about the context of suicide (workshop 2)

SECTION V: Learning from Youth (workshop 4)

SECTION VI: Developing visions and strategies (plenary session 6)

SECTION VII: Conclusions and recommendations (plenary session 7)
